****Give Stocks & Securities: Instructions for Transferring Gifts of Stock to the Museum***

We accept donations of commonly held, publicly traded stocks. It's giving made easy, and you may get a larger tax benefit than by making a cash donation. Donating appreciated securities allows you to potentially save twice on taxes. You avoid paying capital gains tax and may be able to take a charitable income tax deduction. With any questions, please contact Stephanie Enghusen, Controller, at 315-686-4104 x234 or senghusen@abm.org.

To make a **gift of stock** to the Museum, please write a letter to your broker and instruct them to make a gift of stock to the Antique Boat Museum. Kindly provide them with the following instructions and specify how many shares of which stock you are donating. **Be sure to have your broker include your name as donor.**
